- **Tier II – PPO** (requires copayments, coinsurance and is subject to an annual deductible)

  - Certain services such as Preventive/Wellness care are **not** available under Tier III
  - Plan pays 60% of **allowable charges** after plan deductible has been met
Open Access Plan (OAP)

- HealthLink OAP
Important: Out-Of-Network

- You are encouraged to use in-network providers to receive the best health plan benefit
- Using out-of-network providers will significantly increase your out-of-pocket medical costs
- Remember, out-of-network services are reimbursed at a much lower rate in the QCHP and OAP plans
- If you are referred to, or choose to see an out-of-network provider, you should contact your health plan, prior to receiving services, to ensure the services meet medical necessity criteria, to receive authorization, and to request a cost estimate
- View the announcement at https://blogs.uofi.uillinois.edu/view/1418/765357
  or go to: https://MyBenefits.Illinois.gov/
Reminder: Out-of-network

Maximum Reimbursable Charge (MRC) – the maximum amount the carrier will pay for an out-of-network provider for billed services
  ▪ Plan Participant will be responsible for anything above the MRC
  ▪ Will not be applied towards the plan year deductible or the out-of-pocket maximum

Maximum Allowable Charge (MAC) – The amount that the carrier will pay the provider and consider the service paid in full.

MRC – The maximum the plan will allow for eligible billed services.
MAC – Rates are determined by Medicare and the locality. They are routinely updated.
