EMPLOYEE EXIT CHECKLIST

60 Days in Advance

The University of Illinois System permits employees to defer a portion of their vacation and compensable sick leave payouts after separation from the University to a University 403(b) or State 457 plan. To make a deferral, you must contact University Payroll & Benefits (UPB) on or before 60 days prior to your last day of employment (Urbana: 217-265-6363; Chicago: 312-996-7200; Springfield: 217-206-7144).
Begin working with your unit to transition your duties and do any necessary transfers of knowledge.
2 Weeks in Advance
I have provided my department with a signed resignation letter (please submit the resignation/retirement form or a signed resignation letter at least 2 weeks in advance; however it is preferred that you give your department more than 2 weeks notice). The resignation/retirement form or letter must specify the last date of work. Email is sufficient
During my last 2 weeks of employment, I should contact my unit HR representative to schedule an exit interview. NOTE : Springfield employees should contact campus HR to schedule an exit interview.
I have been advised that if I am accepting a position with another State of Illinois public university or a State of Illinois agency, I may have an opportunity to transfer sick leave credit, and that I should talk to my new State employer about this.
I have the option of forwarding my campus email to another existing email address for a least one year. Contact your campus computing office (Urbana: Technology Services Chicago: ACCC; Springfield: Technical Support) for instructions on forwarding you campus email.
I have been advised to return all library books before leaving campus.

Academic and Grad Hourly employees must complete their final timesheet. Academic Professionals must provide their unit with their final vacation and sick leave usage prior to their last day. Once the final pay has been received, a payroll adjustment will be made for any compensable sick or vacation time accrued and not used. If you have used more sick and/or vacation leave than you have accrued up to your last day, you will be required to pay that back to the University. University Payroll & Benefits will send you information if you are in this situation. A payroll adjustment is a manual pay correction performed by HR staff. Depending on the date of the payroll adjustment, corrections to your final pay may not be reflected on your earnings statement until the pay period that follows your last date of employment.
