97 I am a Girl Scout leader My husband is a volunteer coach for a girls' fastpitch travel team and I am the administrator. I organize the yearly family and nursing home gift giving for my department.

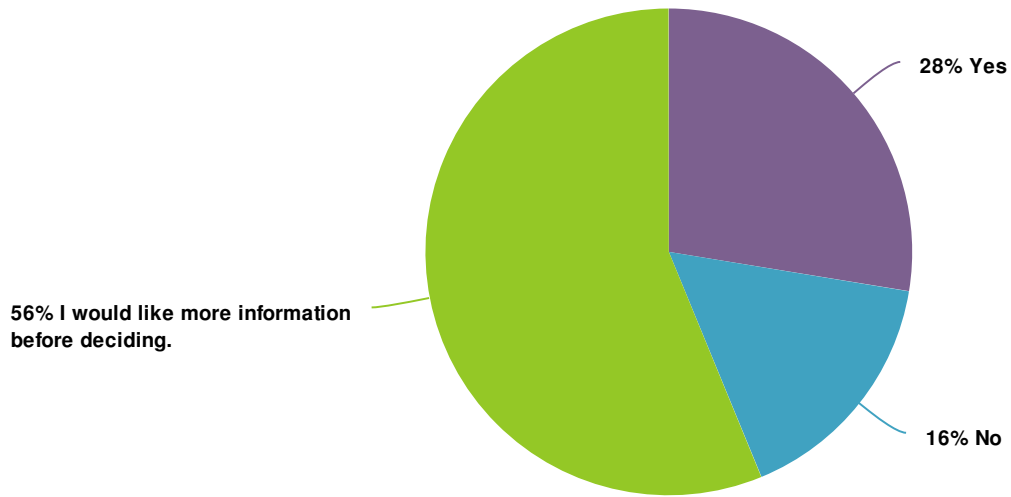

99 Church and High School

103 Ebert Film Festival, grandson's elementary school, FoodBank meal creation efforts

104 Illinois Administrative Professionals (f/k/a Secretariat)

106 C-U One to One Mentoring Our Lady of the Lake Church in Mahomet

### 3. Would you be interested in a system office coordinated volunteer effort?

Value	Percent	Responses
Yes	27.6%	29
No	16.2%	17
I would like more information before deciding.	56.2%	59

Totals: 105

4. Please provide any suggestions, ideas or comments about volunteering that haven't been addressed by the questions above.

**ResponseID    Response**

6	would be nice to have the retiree participate with the current employee
10	For a coordinated volunteer experience, location will be important to UIC staff as many of us live many miles away from each other. But giving back in a coordinated way would be wonderful!
13	I am fairly well engaged in service through our church. It would depend on the type of activity and timing.
18	I do a lot of this through my other organizations, so I'm not sure that I'd be interested in pursuing it more. Sorry.
23	I would not mind volunteering more, but I'm already over-committed between work responsibilities and other personal/social activities. If you can add another day to each weekend I'd have more free time :)
24	Community & Campus Day of Service in April Eastern Illinois Foodbank Campus opportunities (i.e. I Promise mentors at Urbana)
29	I am interested in organized volunteer opportunities for families.
33	Options to volunteer during work would be great (e.g., team-building activities like Habitat for Humanity builds.
34	I would welcome the opportunity for an office/department to close for an afternoon to volunteer somewhere locally. It would be a team effort that, I believe, would continue to grow. Local banks in Springfield do this as a group effort.
47	Schedule/time would limit my involvement.
53	Please make sure opportunities are available for staff at all campus locations. A blood drive would be a good idea - coordinate with UIC Hospital
58	Okay for me to volunteer in my son's classroom without taking time off or making up the time.
59	Something to do with a food bank naught leadnitself well to a group or possibly something with crisis nursery
62	The U of I matching funds for non-profit events that employees participate in
66	It would need to be in Chicago area for me to be able to participate
67	Habitat for Humanity Service Project that benefits the community, young persons, seniors, homeless or a illness (like cancer, autism, sickle cell)

## ResponseID Response

---

72 I like the idea of volunteering at places in need, such as soup kitchens, habitat for humanity, or for companies like toys for tots.

75 none at this time ...

87 I am a volunteer for C U one to one mentoring. However when I started at the University I was told if I wanted to continue I'd have to do so on my own time. It only requires 1 hour per week and I wish the University backed it and encouraged it in every division.

89 -We could coordinate a date to make a meal and serve it at a local homeless shelter. - We could hold a sock drive and each person donate a new pair of socks to give to a women's shelter -We could hold a toiletries drive to collect deodorant, soap, shampoo, conditioner for students on the three campuses that are in need. -We could donate a canned item to the campus food pantries. In Springfield we call it the UISCares food pantry

92 I would like to volunteer for something that would give back to the students we serve. In the past I've volunteered to help the food pantry and that was a great success.

96 I'm relatively new to the area and don't know where to start in terms of getting into volunteering. Could use some suggestions on what volunteer opportunities are available in the area. Thanks.

101 work a soup kitchen? have a food drive on campus? do blood drives? take donations for and make care packages for our Armed Forces? story time with little children at the libraries?
